#### Qualifications

I am a 21 year old Professional ATV Motocross Racer aspiring to be the very best in my industry. My training program consists of mainly cardio and endurance exercises which continue every day on and off race season, whether it's road biking, running, rowing and of course riding in between. My goal for 2017 will be to continue racing in the PRO Division to the very best of my ability, with the ultimate goal of winning. As I continue my pursuit of performing as a Professional ATV Motocross Racer, I will represent and market each and every sponsor with the utmost respect, recognition and exposure they deserve. Sponsorship is and always has been a two-way street. Thanks for your support!

#### Ride

Honda TRX450R
